DIVESOFT

Freedom
Accessories

Silicone protection cover

The silicone protection cover is used for protecting the Freedom computer from mechanical damage. (#3151)

Neoprene pouch

You can use it for protection of your Freedom computer.
(#3203 – red, #3204 black)

USB charger

Efficient USB charger (1000 mA) with exchangeable plugs for international use (100–240 V / 50–60 Hz). Cable with a Freedom connector is included. The cable is not only for charging, but also for data transfer (#8075), only spare endings for the USB charger (#8078).

Attachment strap

Attachment strap for attaching the Freedom computer to your arm. The standard length is 35.5 cm (#1482). For a dry suite length is 42.5 cm (#1483)

Attachment bungee

For attaching the Freedom computer to your wrist. (#1481)

Freedom Nitrox Analyzer

Additional device for the Freedom computer for nitrox analysis (the measuring of oxygen concentration in the breathing mixture). You only need to connect it to a connector of the Freedom computer of any software version and you can measure. (#8117)

Cable for connecting oxygen sensors

The cable for connecting oxygen sensors enables the connection of up to three rebreather oxygen sensors through the Molex connectors. It comes in the standard length of 1.2 meters. (#8076)

Ergonomic thermally insulating mat

The additional plastic ergonomically shaped mat for the Freedom computers. (#1480)

Freedom computer connector cover

The Freedom computer cover for protecting the Freedom computer cover from mechanical damage. The Freedom computer can also be used without a cover, as its connector is, when disconnected, very resistant against pressure up to the depth of 600 m, to this depth is has also been tested. (#1283)

Connector lid

The connector lid is for blinding the connector for the connecting cable of the Freedom computer or for the connection of oxygen sensors (Freedom Closed Circuit). (#1487)

Freedom USB cable

Freedom USB cable for charging and data transfer from the Freedom computer. (#8077)

Protective foil for Freedom

Protective foil for the Freedom computer display, size 2.4". It protects the cover from getting scratched. The set includes the foil, a cloth, an application solution and a spatula. (#8074)
